

Vinatronics Sizing:

As much as possible, Vinatronics has standardized our sizing to allow customers to select the right size the first time. Chest size and armholes are predictable garment to garment. Garments Identified as "Short Waist" accommodates Tool Belts, "Road and Construction" are standard length for Multi-Use, DOT designs are long waist and also work well for "Tall" needs See individual products for descriptions. **Most Vinatronics Vests, Shirts, Jackets, or Coats can also be worn over worn over winter layers. If winter layers will be used, measure with these winter layers on.**

Vinatronics Jackets and Coats use a "Raglan" sleeve design for free arm movement. Thinsulate(TM) Insulation, and FR Arctic Quilt linings are naturally warm. Vinatronics jackets use silver 3M™ Scotchlite™ Reflective Material. Order size below for Lined or Unlined jackets. Patterns will accommodate normal work clothing layers comfortably. **If winter layers will be used under jackets, measure with these winter layers on.** Vinatronics PANTS are OVERSIZE DESIGNS to fit over normal work clothing/boots comfortably. Pants include elastic and drawstring waist to adjust sizing. **Measure with normal work pants on to insure proper fit**

LENGTH IS PROPORTIONAL W/SIZING & GARMENT TYPE AS SHOWN.
